Having been advised by the Division as to what should be done on our property to comply with the program and being in agreement with what has been proposed, I/we grant permission to Division personnel or its authorized agents to enter our property identified above for purposes of performing the work agreed upon. As landowners we understand and acknowledge that this project does not guarantee that structures or property will be free from damage or destruction in a fire. We further understand that while the Division or its authorized agents will make every effort to adhere to the agreed upon work plan, there might be damage to trees and shrubs that were not part of the original work plan. I/we hereby release and waive any liability against the Division, its employees and agents for said damage if it was caused in their good faith efforts to comply with the work plan and furthermore, each party holds the other harmless in the event of an injury or accident.

DATED this ____ day of _____, 2010.
